## PUBLIC NOTICES

## IMPORT TRADE CONTROL

New Delhi, the 8th February 1951

SUBJECT:—Export Promotion Scheme—import of Coal Tar Dyes falling under Serial No. 1B of Part III against exports of processed dyes.

No. 25-ITC(P.N.)/51.—The attention of importers is invited to item (b) under para. 2 of the Commerce Ministry Public Notice, No. 118-ITC(P.N.)/50, dated the 25th September 1950, announcing the Export Promotion Scheme according to which special import licences will be granted to replace the imported raw material contents of certain exported products.

It has now been decided that in case of Coal Tar Dyes falling under Serial No. 1B of Part III of the Import Trade Control Schedule against exports of processed dyes, licences shall also be granted for import from the Hard Currency Countries which shall not exceed 33 per cent. out of the total allotment of 50 per cent. for imports from all Soft Currency Countries as already announced. Licences shall be granted subject to the conditions and procedure laid down in the Public Notice No. 118-ITC(P.N.)/50, quoted above.

New Delhi, the 13th February 1951

SUBJECT:—Import of Normal Human Blood Plasma or substitutes for Normal Human Blood Plasma comprising solution of Polysaccharide Glucose Molecules approved by the Drugs Controller (India), Directorate General of Health Services, New Delhi, under O.G.L. No. XXI.

No. 27-ITC(P.N.)/51.—The attention of importers is invited to the Ministry of Commerce and Industry Notification No. 3-ITC/51, dated the 13th February 1951, including the above item under Open General Licence No. XXI.

2. Importers should, before importing a particular product as a substitute for Normal Human Blood Plasma, obtain a certificate from the Drugs Controller (India) of the Directorate General of Health Services, New Delhi, approving the substitute for Normal Human Blood Plasma. The Customs authorities will allow imports of the substitute under the Open General Licence only on the production of the above certificate. If such a certificate is not produced and the import is not covered by any other valid import licence, the import will be treated as unauthorised.

## MINISTRY OF TRANSPORT

### RESOLUTION

#### PORTS

New Delhi, the 6th February 1951

**No. 11-P(164)/50.**—The Government of India have received the Administration Report of the Port of Cochin for the year 1949-50. The noteworthy features of the Report are—

**Finance.**—The working of the port during the year under review resulted in a deficit of Rs. 2·84 lakhs as compared with a surplus of Rs. 7·73 lakhs during the previous year. The deficit is arrived at after allowing for a contribution of Rs. 18·09 lakhs to the Capital Account. But for this contribution, the year would have closed with a surplus of Rs. 15·25 lakhs which compares favourably with the corresponding surplus of Rs. 7·73 lakhs for the year 1948-49 during which a contribution of Rs. 0·97 lakhs only was made to the Capital Account. This improvement in the financial position of the Port was due to larger receipts under imports mainly due to the receipt in 1949-50 of dues on foodgrains imported in 1948-49, of arrears of rent on lands leased to Defence Department, saving in expenditure on dredging and other minor items.

The gross revenue income of the Port Fund was Rs. 65·24 lakhs for the year which is the highest on record so far.

**Rates of working expenses.**—The percentage of actual working expenses to receipts for the year was 59 as against 60 in 1948-49

**Capital Account.**—An expenditure of Rs. 14,53,938 was incurred on capital works.

**Debt.**—The Capital debt outstanding on 31st March 1950 was Rs. 1,79,24,517 of which a sum of Rs. 73,61,619 was due to the Government of India and the rest to the Government of Travancore-Cochin. The total expenditure on debt charges amounted to Rs. 11,37,880, the same as that in the previous year.

**Trade.**—The trade of the Port during the year showed on the whole a very slight decrease over that of the previous year. The volume of trade passing over the wharfs also showed a slight decrease of 4 per cent. over the previous year and represented 52 per cent. of the total traffic as against 54 per cent. in 1948-49. The aggregate tonnages of ships that entered and cleared during the year were record figures for the port.

The export of a large quantity of cement during the year was a new feature.

**Provision of additional facilities.**—With the completion of the northern extension of the wharf, the port can now accommodate 4 ships at a time each 450 ft. in length. The doubling of the transit shed has provided more transit accommodation. An additional mooring berth for oil tankers was provided in the Ernakulam Channel.

**Amenities for staff.**—Construction of quarters for the staff was commenced and some of them completed.

**Experiments.**—With a view to investigate possibilities of maintaining the depth of water in the port with the minimum of dredging, research and experiments are in progress with a tidal model of the port constructed by the Central Water Power Irrigation and Navigation Commission Research Station at Poona.

**Reserve Funds.**—The position with regard to the balances in the various accounts at the end of the year under review was satisfactory.

Y. N. SUKTHANKAR, Secy.
